
WELIVE FOUNDATION

QUARTERLY NEWSLETTER – JUNE 2026

ABOUT US

WeLive Foundation, a Bangalore-based NGO established in November 2019, aims to assist young adults transitioning from child care institutions (CCIs) at the age of 18. Recognizing the challenges they face, WeLive provides Non Residential and Residential Bridge Programs, equipping them with emotional resilience, physical health, education, employment, financial capacity, skills, life experience and documentation needed for autonomous adulthood. We also conduct consultative workshops with stakeholders in the ecosystem to share and build knowledge in the space of aftercare.

- **Residential Program**
300 youth
150 graduates

- **Consultative Workshops**
550 participants
350 CCIs | 7 states

- **Transition Program (Non-residential)**
480 youth
40 CCIs | 8 states

WeLive Youth Shine at TCS World 10K 2026

The TCS World 10K 2026 gave 20 youth from WeLive Foundation an opportunity to challenge themselves, build confidence, and experience the spirit of perseverance and teamwork alongside thousands of runners.

The occasion became all the more special because of the people who were willing to participate in running and raising funds, showing how much they are committed to the cause of care leavers. Their support played an important role in making the occasion special for our youth.

Welcoming Transition Batch of 2026-27

We successfully concluded Transition Program 2025-26 for 480 youth in childcare institutions. Through mentoring, career guidance, cyber safety, financial literacy, spoken English training, participants in 15-18 years gained the tools needed for their transition to adulthood.

As we bid farewell to one cohort and welcome the new cohort of 2026-27, our commitment to empowering young people in institutions continues.

Child Care Institutions (CCIs) across India who are interested in partnering with us and enrolling eligible youth are encouraged to get in touch. We look forward to supporting more young people as they prepare for a successful transition to autonomous adulthood.

Family Beyond Blood

-Fireside Chat 3.0

The Fireside Chat 3.0 co-hosted by WeLive Foundation on May 30, 2026 successfully brought together youth, mentors and supporters for an engaging conversation on "Family Beyond Blood".

Youth Empowerment Award – International Coaching Federation (ICF)

We are delighted to share that WeLive Foundation has won the Youth Empowerment Award for our life coaching project in collaboration with the International Coaching Federation (ICF), Mumbai. Over the last four years, 75+ youngsters have been mentored by life coaches from across the country. The life coaching helped youth with their next steps with respect to jobs, education and more.

Leadership Roundtable on workplace readiness

LeapInc, WeLive Foundation, and Kantar India Foundation brought together a small, curated group – social sector leaders, corporate CHROs, and business heads – for a closed roundtable on one question: "How do we make young professionals from underserved communities genuinely workforce-ready, and how do we keep them there?". The rich discussion by a highly experienced group of participants provided fresh perspectives and new ideas to take forward.

Two Stories, Two Triumphs

A Journey of Resilience

When I first came here, I didn't even know where to start," recalls Muskan

Feeling uncertain about her future, she joined WeLive's Residential Program and began rebuilding her confidence through skill training.

Soon, she secured an opportunity with a prestigious hotel, where she was selected in her very first interview. Alongside her job, she resumed her studies and successfully completed Class 12. She has now graduated to independent living after a year in our program and is pursuing graduation .

Rebuilding Dreams Reclaiming Confidence

Facing challenges that once seemed overwhelming, Prakash joined WeLive's residential program determined to build a better future. Through guidance, skill development, and his own determination, he started working in a national cafe chain. After 10 months in the program he graduated to independent living.

32 Bright Futures, One Shared Journey

Our heartfelt gratitude to Rotary Bangalore IT Corridor and Kantar India Foundation for sponsoring the 10th/12th/graduation education of 32 young women from WeLive Foundation's program. This is the 4th successive year of collaboration for us to enable young women from childcare institutions with education support.

Support Our Mission

Together, We Can Make a Difference

“Behind every care leaver is a story of resilience;
behind every success story is a community that chose to care.”

This progress would not have been possible without the incredible ecosystem of support that surrounds our work. From childcare institutions and program partners to donors, volunteers, and well-wishers — it is your commitment that enables us to walk alongside these young people during one of the most critical transitions of their lives. Together, we are creating a safety net where none existed before and ensuring that care leavers don't just survive, but thrive. Here are a few ways you can help us:

- **Volunteer Opportunities:** Contribute your time and skills by volunteering with us. Whether it's organizing workshops, helping the youth and program, or assisting with events, your involvement can have a profound impact on the personal and professional growth of the youth and the program
- **Employment Opportunities:** Create employment opportunities or internships within your organization for the youth in our program. By providing them with real-world work experiences, you can support their transition into the professional world and foster their independence.
- **Donation:** Your donations will help us sustain and expand our programs. To donate, visit our website: <https://welfarefoundation.org.in/donation>.
